Dwellings and Electric Roads.

But few of the many people in this great city have any conception of the magni-tude, immense improvement, rapid growth and enhancement of the now most desir-able residence district witaln our city limits. Within 30 days the new Electric limits. Within 30 days the new Electrics Street Bailway will be in operation con-necting Oakland Square and the city (via the Traction Road) for the nominal face of Scents. Oakland Square is a beautiful Scents. Oakland Square is a possible park around which runs wide streets paved with asphaltum and severed free of coat to the purchaser of one of the beautiful dwellings facing the square, a brief descripties of which is here given. Built of brick, by day work, two sizes 5 and 9 rooms, halls, bath, inside shutters and w. c.'s, finadsome alaste mantels, tile hearths, sliding doors, range appearance of the street of the

S FOURTH AVENUE.

All the Pan-American Delegates Will be Here and Maybe Mr. Blaine.

THE SECRETARY WAS INVITED.

A Proposition to Continue the Mechanical Display for a Week.

The visit of the delegates to the Pan-American Congress to this city will be dis-tinguished by the attendance of all the members of that Congress. This will be the only city in the tour where such will be the case. The reason for this, as explained by Mr. Curtis, in a letter written by him a few | The fraud was so apparent that the Leader, days ago, is that Pittsburg is considered by everybody to be the center of the iron and steel industry in this country. This is the particular thing which the delegates desire readers. to investigate, and in that way Pittsburg

have been engaged in Independent investigations, and have not been with the toursts, will join the body of the Congress in Pittsburg. In view of this fact Mr. W. E. Commerce, yesterday sent the following But the climax of impudence was reached telegram to Mr. James G. Blaine, the emi-

The Chamber of Commerce of Pittsburg earnestly desires your presence upon the oc-casion of the gathering of the International American Courress on November 6.7 and 8. As a full attendance is expected here, your visit would be most timely, and would be hailed with pleasure by your many friends.
W. E. Schmertz.

President of the Chamber of Commerce. The telegram was sent about 2 o'clock yesterday afternoon, so that no reply is ex-pected until this forenoon.

WILL ARRIVE ON TIME. President Schmertz yesterday received from William E. Curtis, the representative of the State Department with the delegates, a letter saying that the special train will arrive in this city promptly at 6 o'clock tomorrow afternoon. The Reception Com-mittee from this city will depart at 2:15 P. d. by a special train for Steubenville, where

the delegates' train will be met. Work on the decorations by Roenigk, and on the floral ornaments by the Murdochs, will begin at the Monongahela House

A proposition will be made at the meeting of the directors of the Exposition Society to-day to continue the exhibition of machinery and appliances which are being put in place for inspection by the Pan-American Congress. The suggestion that it be continued on the Saturday following this inspection has met with such general commendation, that it is now suggested that the bailding be kept open the entire week fol-lowing. The directors are confident that the scheme would meet with favor, especially in this city, where so many are interested, directly or indirectly, in machinery

SMALL MAKERS IN LINE.

As is well known, the space has nearly all been taken up by manufacturers of small goods, such as brushes, brooms, shoes and the like, which are as important in their way as commodities requiring larger machinery in their manufacture. The latter can be and will be seen by the delegates in their tour of the larger mills and factories, and the only opportunity they will have in seeing the smaller machinery will be at the Exposition, where they will be concen-

The electrical display, however, which is attractions. On the contrary, it will be large, and perhaps the biggest display of electrical appliances ever shown outside of an exposition of such appliances alone, at haif the entire hall has been allotted to the interests centered in the Westinghouse patents and those controlled by the Thom-

The ball itself will be made very attractive with flags and bunting, a special display being prepared of the colors of the nations having a representative in the Congress. The details of the exhibition and the proposition to continue it for a week will be discussed at length by the board to-day.

A Great Discovery. The fact'that castor oil, as vile a medicine as was ever discovered, has so long held its or

PITTSBURG HONORED. A FRAUD ON THE PEOPLE. LAST DESPERATE MOVE OF THE DEM-OCRATIC MANAGERS.

> The Name's of Dead and Absent Attorneys THE PITTSBURG DISPATCH Printed as Supporters of Johnston, and Many of Rowand's Stnauchest Friends Included in the List-Deception That Deserves Rebuke.

Surprised by the substantial indorsement of the candidacy of Arch C. Bowand by representative members of the bar, and made desperate by their inability to induce the ALL PREPARATIONS HAVE BEEN MADE | Bar Association to indorse Johnston, the which is kept in the Prothonotary's office, and had the whole list published with the statement that "the following named attorstatement that "the following named attor-neys are for Johnston for District Attorney." which has stopped at nothing in its efforts against Rowand, declined to be a party to it. But the Press, with its Democratic southside. editors, was glad to serve up the mess to its readers.

JACOB SPOHN, No. 2 Carson street.
H. A. DUNALDSON, 1707 Carson street.

What was intended to be a boom for Johnwill be the most interesting city in their rounds to a majority of them.

The delegates from this country and two or three of the foreign commissioners who or three or three of the foreign commissioners who or three or leged supporters of Johnston were the names of attorneys who have long been dead. Among these was the name of the late A. C. Hoyer. The names of a number who have removed from the city-among them that of Schmertz, the President of the Chamber of M. H. Houseman-were also freely used. umber of the members of the bar who wer for Rowand first, last and all the time, and concerning whose position there never has been any doubt. Included under this head were the names of W. L. Bird, Josiah Cohen, E. E. Cotton, John F. Cox, C. S. and J. P. Crawford, Dr. John Douglass, W. C. Erskine, J. A. Evans, Chas. A. Fagin, C. S. Fetterman, John H. Hampton, A. B. Hay, John C. Haymaker, J. P. Hunter, Thomas Hunter, P. C. Knox, John S. Lambie, John R. Large, George R. Lawrence, C. C. Lee, John Marron, Thomas M. Marshall, J. H. Miller, Samuel McClary, Lewis Mc-J. H. Miller, Samuel McClary, Lewis Mc-Mullen, Wes McMurray, John Petty, R. B. Petty, W. P. Potter, Charles L. Powers, James W. Prescott, Wm. Reardon, D. C. Reardon, C. W. Robb, C. A. Robb, C. R. Robison, S. Schoyer, Jr., Joseph Stadtfeldt, W. C. Stillwagen, Charles A. Sullivan, James S. Young and a list of others. All these gentlemen will be at the polls to-day, working and voting for Rowand. They know he is a better lawyer than R. H. Johnston, and that the interests of Allegheny county will be safer in the hands of Arch H. Rowand than they would be if intrusted to R. H. Johnston.

Such deception as was attempted on the voters of Allegheny county, by the Demo-cratic managers aided by the Pittsburg Press, should be most severely rebuked. This end can best be obtained by voting today for Arch H. Rowand for District

PROPOSALS.

PROPOSALS FOR CRANK-SHAFT FOR U. S. S. Brookiyo, at Navy Yard, Norfolk.—October 29, 1889.—Sealed proposals, indorsed "Proposals for Shaft, etc., to be opened No-VEMBER 26, 1889." will be received at the Bareau of Provisions and Clothing, Navy Department, Washingtos, D. C., until 12 oclock noon, November 25, 1889. and publicly opened immediately thereafter, to furnish and deliver at the Navy Yard, Norfolk, Va., a crank-shaft for the U. S. S. Brooklyn, within 120 days from date of contract. The weight of the shaft will be about 7,500 pounds. Bids will be received for its manufacture of either steel or iron. If of steel, the metal must be made by the open-hearth process, and must conform to specifications which, together with blank proposals, etc., will be furnished upon application to the Bureau. Tie bids decided by lot. The Department reserves the right to reject any or all bids not deemed advantaceous to the Government JAMES FULTON, Paymaster General, U. S. Navy.

DROPOSALS FOR MATERIAL REQUIRED for use in the construction, at
the Navy Yard, Brooklyn, N. Y., of the
machinery for two croisers of about 3,000 tons
displacement each.—Navy Department. Washington, D. C., October S. 1889.—Under authority
conferred by the act of Congress making appropriations for the naval service, approved
September 7, 1888 (Statutes at Large, vol. 25,
page 472), sealed proposals are hereby invited
and will be received at this department until 12
o'clock noon, on WEDNENDAY, the 5th day
of November, 1889, for furnishing and delivering the following classes and quantities of material at said mavy yard, for use in the construction of said cruisers: Class 35.—Fuel for
foundry.—Anthracite coal and oven or kiln
coke, about 160 tons of each. Class 35.—Pattern maker's lumber.—About 37,000 feet.
Class 38 A.—Finished and rough-turned steel
shafting.—Crank, thrust and propeller angles
shafting.—Crank thrust and propeller angles
class 38 B.—Corrugated steel furnaces.—Pillystry in all Class 35.—Condenser with a best shafting.—Crank, thrust and propeller shafts. Class 38 B.—Corrugated steel furnaces.—Pilty-six in all. Class 38 C.—Condenser tube sheets and packing.—Eight tube sheets about 20,000 glands, and about 25,000 cotton-tape packings. Class 38 A.—Anti-friction metal.—Five thousand pounds. Class 38 B.—Pir tin.—Ten thousand pounds. Class 39 C.—Steel castings.—About 100 tons. Class 42.—Pir iron.—Three hundred tons. Class 42.—Pir iron.—Three hundred tons. Class 44 A.—Steel plates for boiler shells.—About 200 tons, trimmed to shape. Class 44 E.—Firebox steel and flanged plates.—About 125 tons, trimmed to shape and flanged. Class 44 C.—Steel rods, shapes and florgings for boiler hracing.—About 50 tons. Class 44 D.—Steel engine forgings.—About 100 tons, comprising connecting and piston rods, valve-gear, etc. Class 58 A.—Boiler tubes.—About 8,600 lap-welded or seamless-drawn steel tubes. Class 58 A.—Boiler tubes.—About 16,000 seamless-drawn brass tubes. Class 58—Steel rivets.—About 20 tons. The tons of the material herein called for to be of 2,240 pounds cach. All of said material to be of such detailed dimensions, weights and shapes as may be required, and to be delirered at such price or places in said transmittered at such price or places in said transmittered at such price or places in said transmittered at such price or places.

The tons of the material herein called for to be of 2,240 pounds each. All of said material to be of such detailed dimensions, weights and shapes as may be required, and to be delivered at such place or places in said nay yard as may be designated by the commandant thereof. The material to be delivered promptly in accordance with the requirements of the schedule. All material to be of domestic manufacture, and to be accepted only after passing such tests as may be prescribed therefor by the Secretary of the Navy. Proposals must be made in accordance with forms which will be furnished on application to the Bureau of Steam Engineering, and any one or more of the classes designated may be embraced in the same proposal, but no bid for a portion of a class will be considered. Each proposal must be accompanied by satisfactory evidence that the bidder is able to furnish and deliver the material for which he bids: also, by a certified check, payable to the order of the Secretary of the Navy. for an amount equal to five per cent of the bid. The check received from the successful bidder will be returned to him on his entering into a formal contract for the due performance of the work and giving bond for the same, with satisfactory surety, in a penal sum equal to fiventy. For an amount of this bid; but in case he shall fail to enter into such courract and to give such bond within twenty days after notice of the acceptance of his proposal, the check accompanying proposals which are not accepted will be returned immediately after the award shall have been made. A schedule of the material required and all other information essential to bidders will be furnished on application to the Bureau of Steam Engineering, Navy Department. Proposals must be made in duplicate and inclosed in envelopes marked "Proposals for material for machinery of cruisers Nos. 7 and 8," and addressed to the Secretary of the Navy, Navy Department, Washington, D. C. The Secretary of the Navy reserves the right to reject any or all bids, or the bids on an
